

# THE STATE OF CALIFORNIA

## ADA COORDINATOR CONTACT LIST

California Commission on Disability Access (CCDA)  
ADA Coordinator List - December 2019  
ROLE OF THE ADA COORDINATOR

The ADA Coordinator is Essential to Effective Implementation of the Americans with Disabilities Act (ADA)

The Americans with Disabilities Act (ADA) calls for every public entity that employs 50 or more persons to designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under the ADA (Regulation §35.107). The State entity must make the name, office address, and telephone number of the ADA Coordinator readily available to all interested individuals.

Title II covers all activities of State and local governments regardless of the government entity's size or receipt of Federal funding. Title II requires that State and local governments give people with disabilities an equal opportunity to benefit from all of their programs, services and activities (e.g. public educations, employment, transportation, recreation, health care, social services, courts, voting, and town meetings).

California Government Code Sections 11135 through 11139.8 provides protection from discrimination from any program or activity that is conducted, funded directly by, or receives any financial assistance from the State. This section brings into State law the protection of Title II of the ADA which ensures accessibility to government programs and also requires State government to follow accessibility requirements standards of Section 508 of the Rehabilitation Act, which ensures the accessibility of electronic and information technology.

**Instructions**

1. First Section is an Organizational Chart of the State of California. It shows the flow of the way state agencies trickle down to units and individuals.
2. When following the chart many of the contacts for the Governments Cabinet are at the top level of government.
3. Following the Governors Cabinet, the chart shows Agencies/Commission/Departments that do not have a Secretary Agency, that have a significate part in state government.
4. Below that in the hierarchy it flows into Secretary Agencies that are separated with their respective Departments/units following.
5. If you do not see the department or unit you are looking for there are contacts for 50 employees or less that have an ADA Coordinator on Page 16.
